This Room Has Been Designed To  
Accommodate Smokers.

Accommodation means more than recognizing and respecting different tastes — it's good business. That's why we participate in The Accommodation Program. By displaying this symbol, we want you to know that, in our establishment, whether you smoke or not, you're more than welcome. Wherever you see the accommodation symbol — in restaurants, taverns, hotels, bowling centers or airports — you can be confident that your preference will be respected. By participating in The Accommodation Program, we've made a commitment to customer service and a promise to accommodate both non-smokers and smokers. It's in our best interest to respect and honor your individual taste to ensure that you'll return as a satisfied customer.

Thank you.
